COPIE D'AUTORE | COPIES OF AUTHOR

Monday, February 8, 2021 to Friday, April 16, 2021

EXHIBITION PRESENTATION

[IT] Nel Novecento i d'après sono diventati un vero e proprio genere, in cui solitamente un'artista rende omaggio ad altri famosi artisti del passato, riconoscendoli come propri maestri e fonti di ispirazione. In questo contesto le copie d'autore, da Klimt a van Gogh, hanno rappresentato per me un banco di prova importante per testimoniare come la contemporaneità possa ancora attingere dai grandi maestri del passato. In questa mostra virtuale presento libere rielaborazioni di famose opere di maestri della pittura classica e moderna, eseguite per lo più su indicazioni del committente, la cui rielaborazione, pur condividendo l'ispirazione e il soggetto, può risultare del tutto nuova o diversa solo in parte. La mostra virtuale in 3D sarà presente online dall'8 febbraio al 16 aprile 2021.

[EN] In the 20th century, d'après became a genre, in which an artist usually pays homage to other famous artists of the past, recognizing them as their masters and sources of inspiration. In this context, the author's copies, from Klimt to van Gogh, have been an important test for me to witness how contemporary life can still draw on the great masters of the past. In this virtual exhibition, I present a personal reworking of famous works of masters of classical and modern painting, performed mostly on the instructions of the client, whose reworking, while sharing the inspiration and the subject, can be completely new or different only in part. The virtual 3D exhibition will be online from 8 February to 16 April 2021.
